

BCRPA Regional Meetings

The Board reported on the seven regional meetings held during Symposium. The regional meetings were all positive and members appreciated the opportunity to meet and network with others in their region, as well as having a Board member present at the meeting. Board members reported a high level of discussion and sharing of best practices, especially in recreation programming. Board members also appreciated the opportunity to attend a regional meeting different from their home region. As members value the opportunity, regional meetings will continue to be offered at Symposium.

BCRPA First Timers Orientation

Dean Gibson briefed on the session he attended with first time Symposium delegates. The session provided delegates with an overview of Symposium and highlighted networking opportunities during the event. The session was well attended and full of enthusiastic delegates.

BCRPA Symposium & AGM

The Board reviewed Symposium plans and events they would be attending over the next few days as well as AGM preparations.
