Smart Play®
Tree Tops™

Explore Tree Tops™

This wondrously abstract playstructure gives kids the sense of playing in the treetops, exploring a forest canopy branch by branch. But beyond the normal ups and downs of traditional tree-climbing, here kids can also navigate their way across wiggly bridges, crawl through the O-Zone® 3-ring climber, roar down two different slides, plus so much more.

Such a great range of interconnected activities at multiple levels will spark hours of imaginative and energetic play, all protected by plenty of built-in shade. Whether it's a tree fort, a forest city or an agility race in the sky, it will always be a beacon for your playground.

Features:

- Innovative design includes lots of activities in a compact space, requiring less surfacing
- Colorful and artistic DigiFuse® accents add to the woodsy aesthetic
- Designing your own is quick and easy with our recommended color scheme or your color choices
- Built-in shade
- ADA compliant
- Direct bury

Developmental Benefits:

- Sensory: Vestibular+, Proprioception, Tactile, Visual, Auditory
- Motor Skills: Agility, Balance, Coordination, Endurance, Fine Motor, Eye-hand Coordination, Motor Planning, Core, Upper & Lower Body Strength
- Cognitive Skills: Problem Solving, Strategic Thinking
- Social/Emotional Skills: Cooperation, Social Skill Development, Imaginative Play
