Quantis™ A.2 and A.3

Quantis™ A.2

Quantis™ A.3

Quantis™ A.2 and A.3

Maximum Impact, Minimum Space

Angular and sculptural, Quantis A.2 and A.3 beckon kids ages 5 to 12 with their open format playscape and intriguing challenges that defy expectations. Here you'll find dynamic play packaged in a compact geometric design that's perfect for pocket parks or any small footprint area.

A strategic belt bridge creates universal access by connecting two access points, each one at a different height. Kids can head to the Oodle® seat at the structure's core, navigate across the Swiggle Stix® or tackle the overhead netting and molecular-style belting that offers built-in hand- and foot-holds. A compelling tubular arch encourages players to flex their climbing skills as they maneuver over, under, across and up through naturally occurring geometric shapes on their way to the cool hangout spot above.

The A.2 includes a gently curving glider as payoff for reaching the top, while the A.3 includes a rung and cable climber with integrated belt seat for side-by-side play.

Features:

- Multiple climbing routes provide opportunities for unscripted play
- A variety of materials vary the climbing challenge in different areas
- Choice of ProShield® colors for arches and components
- Steel-reinforced cables are extremely durable and vandal resistant, available in black, red or tan
- Bridge and climbing panels constructed from black extra-thick, textured, polyester-reinforced rubber belting
- Oodle® seat and Swiggle Stix® made from durable, UV-stable rotomolded polyethylene in your choice of colors
- ADA compliant
- Direct bury

Developmental Benefits:

- Sensory: Vestibular +, Proprioception, Tactile, Visual
- Motor Skills: Agility, Balance, Coordination, Endurance, Eye-Hand Coordination, Motor Planning Fine Motor, Core, Lower & Upper Body Strength
- Cognitive Skills: Problem Solving, Strategic Thinking
- Social/Emotional Skills: Cooperation, Social Skill Development, Imaginative Play

Quantis™ A.2

Design 6504 (ASTM/CSA/EN)

- For ages 5 to 12
- Maximum fall height: 83" (2,11 m)
- Minimum area required: 26'11" x 26'2" (8,20 m x 7,98 m)

Quantis™ A.3

Design 6518 (ASTM/CSA/EN)

- For ages 5 to 12
- Maximum fall height: 83" (2,11 m)
- Minimum area required: 25'3" x 24'9" (7,70m x 7,54m)
