

BCRPA

Playground Safety Awareness Course

WHO is it for?

Staff: Grounds Maintenance, Recreation, Childcare, Friendship Centers. **Planners & Designers:** Architects, Landscape Architects, Technicians. **Facility Owners:** Family Entertainment, Schools, Churches. **Managers, Directors, Risk Managers** and All Individuals Interested and Involved in Injury Prevention in Play Spaces.

The BCRPA Playground Safety Awareness Course is for professionals who require an introduction or refresher on the Canadian Standards Association's (CSA) Children's Play spaces and Equipment Standards.

Participants receive a certificate upon successful completion of the course.

WHAT does it offer?

You will learn about:

- Detecting, analyzing and noting hazards and non-compliant situations
- Most important areas of the CSA Standards
- Good techniques for playground inspection
- Best practices and resources
- New equipment trends and retro-fitting solutions

WHY do I need it?

Most risk management training is focused on "buy insurance and avoid risk." This often leads to missed recreation benefits due to exaggerated liability fears.

The curriculum in this course will provide the education and hands-on training necessary for parks and recreation staff to deal with the majority of risk issues that their department might experience.

Cost Effective, Accessible and Informative

program for those who need an introductory course on Safety Awareness and CSA Standards. All participants will be provided a

New Workbook (Sept. 2015 ed.)
